If there is one single device that needs to be your companion when going for a long hike this is certainly MyKronoz ZeSport. Built to provide you with the best set of information straight from your wrist, without compromising your style, ZeSport is not only a traditional smartwatch but a powerful sport computer to monitor your performance in real time. Equipped with state of the art technologies like 3-axis accelerometer, ultra-accurate heart beat rate monitor, altimeter, barometer and UV sensor, ZeSport precisely record your sport activities to help you tracking your progress anywhere. Thanks to its built-in GPS, you can easily remember the best spots you crossed while exercising and keep record of your workouts data (distance, pace and routes). Powered with multi-sport functionality, ZeSport lets you choose from a series of activity types such as running, biking, walking, hiking, trail run etc...

Boasting a highly resistant Gorilla Glass color display, stainless steel bezel and aluminum case, ZeSport is a stylish timepiece that fits into your everyday life.

In addition to its training functions, ZeSport will also notify you when receiving incoming calls, text messages or social networks notifications. And thanks to its charging cradle with 500 mAh built-in safety battery, ZeSport will always work by your side and never run out of power.
