1 TRANSLUCENT HONEYCOMB SHELL

Features a solid yet light honeycomb inner shell that reduces the mouse's weight to just 78 grams. With translucent upper cover for RGB backlit performance meanwhile ensures dust and dirt resistance.

Light Weight **78g**

2 SELF-CUSTOMIZE RGB ANIMATION

Customize freely RGB animation modes with 16.8 million color options. 5 Types of lighting effects are preloaded by default.

3 4M ONBOARD MEMORY

Equipped with 4M onboard memory, can store as many as 120K macros.

4 LARGE SIZE MOUSE FEET

Optimizing the Teflon mouse feet edge arc can effectively reduce the mouse moving friction resistance. The large size ensures constant positioning and more durability.

5 LIGHTWEIGHT BRAIDED CABLE

Special tuned slant-up cable SR structure comes with more flexible super soft and lightweight materials cable to avoid friction drag during gaming.
