PRESENTERS AND LASER POINTERS

REASON WHY

Everyone knows it:

- ▶ Delivering presentations at work or school
- ▶ Often with complicated tables, calculations

Professional and dynamic presenting means:

- ▶ Directing attention
- ▶ Setting the focus
- ▶ Keeping everything under control

Here's how it's done:

- ▶ Use smart accessories from Hama
- ▶ Hama presenters make presenting child's play
- ▶ Range for every requirement

Zoom

Software

German ▾

The diagram illustrates the software interface for the Spot Pointer device. On the left, a 2GB hama SD card is shown being inserted into the device. The software interface is displayed on the right, featuring a 'Mode' selection menu with four options: Standard (selected), Spot, Digital pointer, and Magnifier. A 'Preview effect' window shows a blue gradient background with a white mouse cursor. Below the mode selection, there are four sliders for 'Background colour' (black), 'Transparency' (medium), 'Foreground colour' (red), and 'Transparency' (medium). There are also sliders for 'Spot size' and 'Zoom'. At the bottom, a 'Timer' is set to 5 minutes, with an 'Activate' button.
