

MyScale

SMART WIFI SCALE WITH COLOR DISPLAY

Large LED color display

Accurate body composition analysis

Heart-rate

Premium design

Multi-user friendly

Up to 12 months of battery life

Wi-Fi & Bluetooth® connectivity

iOS & Android App

MyScale is more than just a connected scale. Boasting a **large LED color display**, MyScale gives you a **comprehensive picture of your body composition** in real time: weight trends, BMI, fat mass, muscle mass, bone mass and water mass, to help you better understand your metabolism and your physical activity.

In order to keep tabs on your health at home, MyScale comes with a **heart rate sensor** that measures your cardiac frequency in less than 30 seconds.

Compatible with Android and iOS smartphones, MyScale **synchronizes automatically and via Wi-Fi to your secure account in the cloud** and your data is instantly available in the MyKronoz application offering an intuitive interface, the ability to **set your goals, measure your progress and stay motivated**.

Designed for the well-being of the whole family, MyScale can **save and detect up to 8 different user profiles**.

Equipped with a rechargeable battery, MyScale offers up to **1 year of battery life** and can be easily charged using its supplied USB-C cable.

Thanks to MyScale, you will also be able to **check the daily weather** at a glance at each weighing. You'll no longer have to take your phone out of your pocket to figure out how to dress in the morning!

Honored with a **2021 Red Dot Design Awards**, MyScale stands out with its **round silhouette, its ultra-resistant tempered glass top and its large color display**. Available in several elegant colors, MyScale will perfectly fit into your bathroom or bedroom.

AN INNOVATIVE DESIGN TO GIVE A COMPLETE, CLEAR AND INTUITIVE VIEW OF YOUR PERSONAL DATA IN REAL TIME

ACCURATE HEALTH METRICS

Easily track your daily weight trends, measure your BMI, muscle mass, body fat, hydration levels, bone mass and monitor your heart rate.

MULTI-USER FRIENDLY

Designed for the whole family, MyScale can be used by 8 different people and in complete confidentiality thanks to automatic user recognition.

AUTOMATIC DATA SYNCING

Set your goal and track your progress by viewing your health data history on the MyKronoz app.
