

BENEFITS:

- More cost-benefits for everyday use
- Good performance on moderate to low-drain devices

APPLICATIONS BEST FOR:

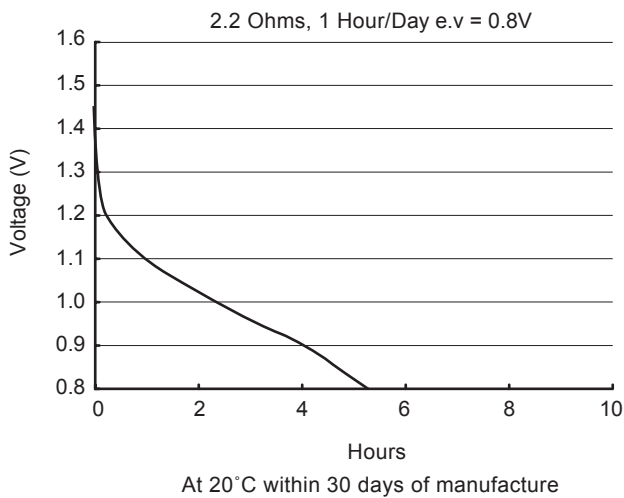

Other Details:

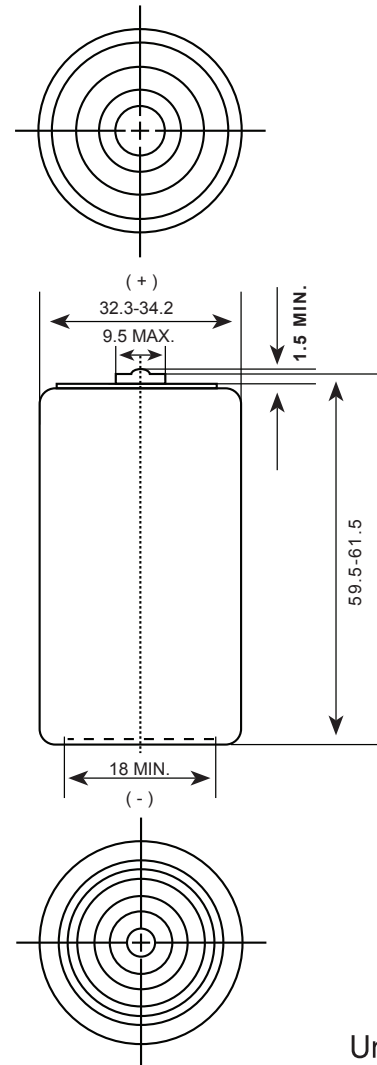

- Carbon Zinc chemistry
- Cylindrical cell type
- Average weight: 97g

Typical Service Life:

Discharge Resistance	Discharge Condition	End Point Voltage	Service Life
2.2 ohms	1 Hr/Day	0.8V	5.3 Hrs

- GP Supercell Carbon Zinc Battery
- D size
- 1.5 Volts

Unit : mm
